Research Project Preceptor:

To be determined

Professional Development:

Indiana Teaching Certificate Program, ASHP member, AMCP member

Future Career Plans:

Pursue board certification and obtain a clinical pharmacist position at a hospital

Hobbies: Drawing and painting, listening to music, traveling

My name is Rowena Tang and I am a new Hoosier! I was born and raised in New York City and then moved to New Jersey during elementary school. I obtained my Doctor of Pharmacy degree at Albany College of Pharmacy and Health Sciences in Albany, NY. Up until this point in my life, I have stayed primarily in the northeastern part of the USA, but I am excited to explore what the Midwest has to offer. This year I am both honored and excited to be one of the first pharmacy residents at IU Health Ball Memorial Hospital. I have an interest in internal medicine and I hope to explore other topics in patient care to both broaden my knowledge and sharpen my skills as a clinical pharmacist. I look forward to working with everyone at IU Health Ball Memorial Hospital.
