

Urgent Care / Emergency Medicine Track

PGY1	WARDS	WARDS	OB	OB	PEDS	PEDS	EM	CARDS	ICU	SURG	AMB	MSK I	PULM
PGY2	WARDS	WARDS	OB	PEDS	AMB	DERM	EM/ PEDS EM	MSK II	SURG SUB	PROC	MED SELECT	RAD	EM FAST TRACK
PGY3	OB	PEDS	AMB	GYN	MED SELECT	NICU	GERI	ANES	RURAL EM	TRAUMA	ELECTIVE	ELECTIVE	ELECTIVE

Requirements for Completion of the Track:

1. Resident will meet with Dr. Jennifer Wilson in the first 6 months of their residency to plan their Emergency Medicine/Urgent Care track. She will help evaluate elective options and help resident connect with an Emergency Medicine mentor that will further serve to guide them and be a strong reference for the resident at time of graduation.
2. Resident will complete electives in:
 - a) EM Fast Track – Resident will concentrate on the fast track area of the ER to hone their skills and efficiency in the ER.
 - b) Trauma – Resident will work in our local ER or on away month at an ER with Trauma support to develop skills related to assessment, stabilization, and treatment of trauma.
 - c) Rural EM - Resident will rotate in a rural ED to learn evaluation and management of patients from a remote location.
 - d) Radiology – Emphasis on trauma, fractures & reading common x-rays seen in the EM Dept.
 - e) Anesthesia – Resident will gain valuable experience in airway management as well as IV access and central lines
3. Resident will be required to take an ATLS class for CME during their residency (preferably before their 3 year Rural ER and Trauma blocks) – resident will not be charged PTO for taking the course.
4. Resident will be encouraged to participate in other Emergency Medicine/Urgent Care focused CME during their residency.
