COMMITTED TO IMPROVING THE FUTURE

Indiana University Health Tipton Hospital is committed to improving the future of our community members by offering programs that lead to better health. Our annual health fair offers a variety of free and low cost screenings. In 2016 we offered blood draw (including glucose, A1C and cholesterol), oxygen saturation levels, blood pressures, foot screenings, echocardiogram screening, COPD and pulmonary function testing, sleep disorders screening and bone density screenings. These screenings were offered at no cost to about 180 community members. Community members also had the opportunity to bring any unwanted medicines to our collection site so they were disposed of properly.

"This is a wonderful health event for the community. It is a great opportunity for us to get many screenings completed all at once, and for free!"

INDIANA UNIVERSITY HEALTH TIPTON HEALTH FAIR PATIENT

$503k
TOTAL CHARITY CARE

As a nonprofit healthcare organization, serving the community is at the heart of our mission. IU Health Tipton Hospital treats all patients and has a long-standing policy to provide charity care (free or reduced-cost medical care) to the uninsured, low income and medically indigent patients.
