

Delay in Catecholamine Urine Testing

Effective Date:

February 15, 2021

Contact: Chemistry Department

Update Description:

Catecholamine Urine testing at the IU Health Pathology Laboratory will be delayed due to problems obtaining reagents for the test.

All samples are being held until the reagent is received. Thank you for your patience.

Questions:

If there are any questions on test requirements, ordering, or tests not found in the Test Directory, please call IU Health Laboratory Client Services at 317.491.6000 or 800.433.0740.
