

Gastrin and 17OH Progesterone Tests are now Sendout Tests

Effective Date:

November 17th, 2020

Contact: Client Services

Update Description:

Starting on Tuesday, November 17th, the Core Laboratory will be transitioning Gastrin and 17OH Progesterone testing to sendout tests. Both tests have been tested in PROD and validated.

Questions:

If there are any questions on test requirements or ordering, please call IU Health Pathology Laboratory Client Services at 317.491.6000 or 800.433.0740. For any additional information regarding Gastrin or 17OH Progesterone testing, please contact Julie Ross, Core Laboratory Director, at 317.491.6059 or email at jross20@iuhealth.org
