## Preparing for your Cardiology Visit

---

### Cardioversion

Please arrive to the Outpatient Imaging Entrance, Entrance 2 with your current insurance card.

You must bring a driver and refrain from eating and drinking (other than sips of water) for 8 hours prior to your test.

Please stop taking GLP1 agonist medications 7 days prior to your scheduled appointment. If you are unsure if you take one of these medications, please reach out to your ordering physician. If your provider has ordered any labs for your procedure, be sure to have them completed no later than the day before your scheduled procedure.
