Creating institutional change

Indiana University Health is committed to improving the equity of care for patients by measuring, monitoring and improving the care we provide to underserved populations. To ensure we are creating change at the institutional level, IU Health has added three newly created positions to help address key areas.

Chief Health Equity Officer
The new Chief Health Equity Officer (CHEO) will examine IU Health’s internal operations and clinical care through the lens of the diverse patients and communities that IU Health serves. This role is confirmed to be staffed by July 1, 2021.

Program Director for Design and Construction Supplier Diversity
This role will represent the IU Health Office for Diversity and Inclusion (D&I) leading Supplier Diversity Strategies within the Design and Construction (D&C) Department. This role is confirmed to be staffed by August 1, 2021.

Program Director for Diversity Recruitment
The Program Director for Diversity Recruitment will be responsible for the creation, consultation and successful execution of a diversity, equity and inclusion strategy to support and champion the organization’s diversity strategy at the entry level of the organization. This role is confirmed to be staffed by August 1, 2021.
