

PGY2 Emergency Medicine

Indiana University Health offers a one-year PGY-2 Emergency Medicine Residency. This residency provides rotation opportunities primarily at IU Health Methodist Hospital but also includes experiences at IU West Hospital, Riley Hospital for Children at IU Health, and the Indiana Poison Center. IU health serves as teaching sites for both Butler and Purdue University Colleges of Pharmacy as well as Indiana University School of Medicine. IU Health also has a large training program for PGY-1 residents and many other PGY-2 residents allowing for overlapping educational programs with a strong resident network and support system.

The Emergency Department at Indiana University Health Methodist cares for over 100,000 patients each year. Methodist Hospital is a Level One trauma center and a Comprehensive Stroke Center. Clinical pharmacy services are provided 24 hours a day 7 days a week in the emergency department and ICUs, by a group of over 15 emergency medicine and critical care trained preceptors. The resident will experience emergency medicine opportunities in both adult and pediatric Level One trauma centers, a Comprehensive Stroke Center, and a community-based emergency department. Additional opportunities include experience in disaster medicine, toxicology with the Indiana Poison Center, and multiple elective rotations as listed below. A teaching certificate program, ACLS, PALS, and other training programs are also available.

Application Requirements

The qualified applicant must possess a Doctor of Pharmacy Degree from an accredited college of pharmacy and must be eligible for Indiana licensure. Completion of a prior ASHP accredited PGY1 residency is required. All offers are contingent upon a background check, reference check, and preplacement health assessment, which includes a drug test. If selected for an on-site or virtual interview and a presentation will be required.
